

Assignment: Vehicle, Car, Truck, Minivan  
Credit: CSE 3130 Object-Oriented Programming 2

Describe the errors you've encountered while working on this assignment. What caused the error and how do you overcome the error?

**Error** - Syntax error, abstract is after class.

```
public class abstract Vehicle
{
    //Class variables
```

**Solution** - Fixed syntax, moved the word abstract to before the word class.

```
public abstract class Vehicle
{
```
